

The Racine Public Library Foundation is asking you to support the library's current and future well being, with a donation.

Libraries continue to be the best source of free and reliable information, a place for research, a window to the world's greatest ideas and a treasure house of entertainment and enlightenment. In addition, the library provides free Internet access to all, including those who otherwise would not have access. Technology is expensive and evolving, but your donation will help keep the library up to date in a fast moving world.

Your contribution will ensure that our library can maintain and expand it's services, programs and collections. In addition to our thousands of books on the shelves, the Library held over 600 programs last year, we have over 25 computers and tablets for our members use and various other types of STEM activities used by both students and adults. In 2020, the library was able to reach over 600 students during Teen Tech Week. With your help, not only will the library's current programs/materials expand, but the Foundation's endowment fund will continue to grow for help with future needs. Also, a portion of every donation supports the programs and events of our wonderful Friends of the Library, greatly enriching our Community.

Donations can be send to the Racine Public Library Foundation, 75 7th St, Racine, WI 53404. Please include how you would like your name to appear in our list of donors. Or you can donate online at www.RPLFD.org by using PayPal or a credit card.

The Racine Public Library Foundation is a nonprofit 501(c)3 organization and as such, all gifts are tax deductible to the fullest extent of the tax law.

On behalf of the Foundation Board, thank you for your gift and for your ongoing support.

Sue Trottier

Foundation Board President
